

M60V MINI SCREWDRIVER SET

The M-60V Mini-Drivers consist of jeweler's type Slotted and Phillips screwdriver blades molded in color-coded plastic handles for precise, detailed work. The kit contains: One 7/8" x 3 1/16" torque amplifier handle, One No. 00 Phillips, and Five .04", .055", .07", .08", .10" Slotted screwdrivers. Furnished in a see-thru plastic pouch.

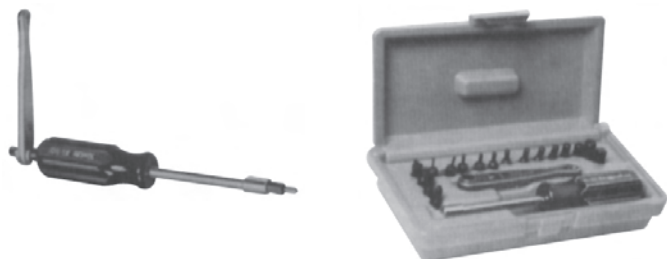

Cat. No.	Net Price
M60V	\$18.29

OFFSET RATCHET SCREWDRIVER SET

The XL75 is a 5 piece reversible offset ratchet screwdriver set. Sold only as a set with a see-thru plastic pouch. All driver bits: 1/4" hex shank. Sizes: Slotted 1/4" and 3/16". Phillips No. 1 and 2. Reversible ratchet arm.

Cat. No.	Net Price
XL75V	\$27.77

OFFSET RATCHET SCREWDRIVER SET

19 piece midget reversible ratchet offset all-purpose screwdriver set. Simple and easy-to-use in all kinds of assembly, disassembly, adjustment and repair work involving Alex hex, Phillips and slotted screws. All driver bits: 1/4" hex shank. Sold only as a set. Allen hex. .050, 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 3/32", 1/4" and 5/16". Slotted 1/4" and 3/16". Phillips No. 1 and 2. 1/4" hex to 1/4" square Adaptor bit. 3 3/4" Reversible ratchet. 6" Spinner-extension.

Cat. No.	Net Price
XL70	\$89.79

ELECTRICIAN'S KNIFE

It's both a knife and a screwdriver. Screwdriver blade has sharp edge for scraping insulation. Has positive lock when open.

Cat. No.	Net Price
K22V	\$28.94

HEAT SINK

Protects transistors and other delicate electronic components from heat during soldering. Tool has copper jaws for greatest possible heat absorption and dissipation; solder won't stick to nickel plate finish. Positive no-slip spring tension action with cushion-grip.

Cat. No.	Net Price
80V	\$11.10

SEIZERS

Precision machined from perfectly tempered stainless steel, these versatile tools clamp tightly, hold wires for soldering, act as heat sinks, retrieve small parts from hard-to-reach places. Features include two-position snap lock and box joint construction. 6" models have serrated jaws. 5" Jr. models are slimmer, get into tighter spots, have smooth jaws to prevent marring of delicate materials.

Cat. No.	Description	Net Price
32H	Straight nose jr. seizer.	\$9.95
33HV	Curved nose jr. seizer.	9.95
42HV	Straight nose seizer.	9.95
43HV	Curved nose seizer.	9.95

ADJUSTABLE WRENCHES

Thin-pattern design permits access to places regular adjustables won't go. Rugged, forged alloy steel construction. Chrome plated with polished heads and cushioned grip handles.

Cat. No.	Length	Maximum Opening	Net Price
44CGV	4"	1/2"	\$24.12
46CGV	6"	3/4"	24.98
48CGV	8"	1 1/16"	26.25

LENLINE ALL METAL UTILITY KNIFE

American made all metal utility knife with safety lip. The heavy duty body and blade provide extra strength and longer life. Dual notched retractable 0.25" steel blade.

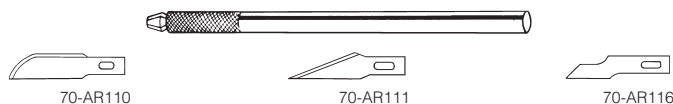

Cat. No.	Description	Net Price
70-K248	Utility knife	\$2.00
44U12	Package of 12 replacement blades	1.29

LENLINE ALL PURPOSE CRAFT KNIFE

ABS moulded plastic handle with break-away blades. Length: 140mm.

Cat. No.	Net Price
70-K78	\$5.7

LENLINE UTILITY KNIFE

All metal utility knife for industry, professionals, hobbies, crafts, etc. One knife and 3 blades per card.

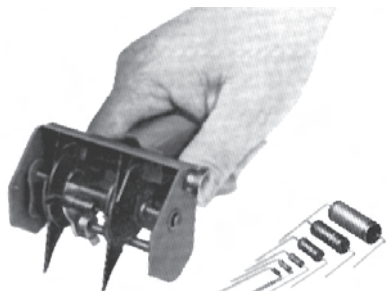

Cat. No.	Description	Net Price
70-400	All metal knife and 3 blades	\$3.57
70-496	Same as above except aluminum knife with one blade	2.50
70-AR110	Package of 5 replacement blades	2.29
70-AR111	Package of 5 replacement blades	1.57
70-AR116	Package of 5 replacement blades	1.29

LENLINE PRECISION FILE KIT

A 5 piece precision file kit made up of: 1-round, 1-square, 1-triangular, 1-oval and 1-flat. Overall lengths: 175mm. Blade lengths: 65mm.

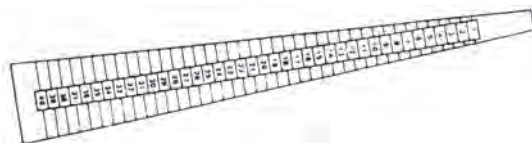

Cat. No.	Net Price
08-605	\$8.71

LENLINE COMPONENT LEAD BENDING TOOL

A hand held tool for bending the legs or leads of resistors, capacitors, diodes, transistors, etc. Bend distance adjustable from 12 mm to 50 mm. Spring system gives continuous adjustment to the various thickness diameters of the leads to be bent. Guides on tool can be set to the precise bend spacing required. Made of pressed iron with baked enamel finish. The bending clamps are of tempered steel. Instructions for setting up included.

Cat. No.	Net Price
PR-2	\$64.29

LENLINE COMPONENT LEAD BENDERS

Designed primarily for bending resistors and diodes 1/4 watt to 2 watt in size without nickel component leads. Capacitors, jumper wires and other similar parts may also be formed easily and efficiently. Each bending position is numbered. Forty bending positions are available on each unit to accommodate a wide selection of mounting centers.

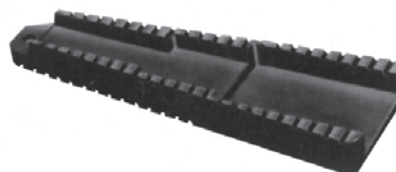

Cat. No.	Description	Net Price
CLB-1/8	1/4 watt size	\$8.21
CLB-1/4	1/4 watt size	8.58
CLB-1/2	1/2 watt size	8.58
CLB-1	1 watt size	10.45
CLB-2	2 watt size	9.29

LENLINE SPEEDY BEND

Bend one component or a hundred in less time than it takes to set up and run any automatic bender. One tool forms jumper, 1/4 and 1/2 watt resistor, and diode leads. Graduations in 0.05" increments on 0.4" to 1.5" centers enable user to quickly and easily select proper slot. Radiused edges eliminate scarring of leads. Made of high-impact cyclocac plastic. Savings increase, rework to printed circuit assemblies decrease. Cut the initial cost provide each production worker with a Speedy Bend. Components are centered on boards, enhancing appearance of finished products. Reduction of component losses.

Cat. No.	Net Price
PD801	\$5.00

LENLINE COMPONENT LEAD BENDER

Forms electronic components of 1 and 2 watt size with a body length of 1 to 1 1/4". High impact plastic. Size 5 1/2".

Cat. No.	Net Price
PD-901	\$5.71
