

DENTAL PROBES

Stainless steel probes that have been popular for a long time are now even more valued as soldering/desoldering aids in SMD assemblies. Stainless is non-contaminating, static-free and will not solder. Needle point tips permit exact placement. Hex handles prevent rolling, allows better grip. Set contains: (1) 5-1/2" Straight Probe, (1) 5-1/2" Hooked Probe, (1) 5-1/2" Curved Probe.

Cat. No.	Description	Net Price
12-2270-0000	Set of Three Probes	\$10.27

MICRO INSPECTION MAGNIFIER

Superb tool for the close inspection and trouble shooting of micro-circuits and PC boards. Provides 2X magnification from 2 1/2" dia. Precision-ground glass that swings a full 360° with positive lock swivel adjustments.

Cat. No.	Net Price
22-0386-0000	\$19.33

23-PIECE STANDARD HOBBY/CRAFT TOOL SET

Contains three knives, block sander, spoke shave, block plane, balsa stripper, two routers, four gouges, and nine assorted blades. Complete with convenient storage tray in attractive plastic chest.

Cat. No.	Net Price
12-0009-0000	\$33.18

CAPACITANCE SUBSTITUTION UNIT

Excellent for circuit development—easy to use. Simply place wires in unit and adjust switches to determine capacitor value. Dual contact slide switches allow simple adding or subtracting to the value desired. Rugged, sturdy design. 5-1/2" x 3-1/2" x 15/16". **SPECIFICATIONS:** Range: 100pF to 4.7 mFd. Precision: 10% capacitors throughout. Voltage: 200 Volt DC, non-polarized. Residual Capacitance: 100pF internal; 100pF to ground. Terminals: Push Type.

Cat. No.	Net Price
12-0102-0000	\$90.80

PIN EXTRACTOR TOOLS

Manufactured for clean and easy removal of male or female pins from nylon connectors, these tools are spring loaded and cause automatic collapse of the locking flanges before pushing the connector from the housing. This two stage action assures a quick process without damage to the nylon housing or the pin connectors.

Cat. No.	Description	Net Price
12-0650-0000	For .062" pins	\$16.64
12-0653-0000	For .093" pins	16.64

ANTI STATIC SOLDER REMOVAL TOOL

A standard size (7 3/4" overall length) solder removal tool with a relatively large vacuum chamber that provides a greater solder pulling action than most designs. Dual "O" rings enhance the greater pulling power. Conductive tip insures ESD free operation when used by a grounded operator.

Cat. No.	Description	Net Price
12-2105-0000	Solder Remover	\$12.00
12-2106-0000	Replacement "O" rings	2.97
12-2107-0000	Replace Tip	3.80
