

TLS2200
THERMAL LABELING SYSTEM

Now even more versatile!

Pre-printed Arc Flash Labels

Brady proudly introduces TLS 2200 printable arc flash labels with preprinted Danger or Warning headers. The new preprinted materials allow customers to print arc flash labels with variable hazard and safety information, such as the incident energy, hazard category and required personal protection equipment. The labels are constructed from Brady's B-483 white gloss polyester material and are preprinted with NSI-format Red Danger headers or Orange Warning headers.

PTL-38-483-DANGER	4" x 1.9"		\$67.00
PTL-37-483-WARNING	3" x 1.9"		\$55.75

Raised Panel Labels

Thermal transfer printable raised panel labels. Designed to make legend plate creation quick, less expensive, and hassle free! Use for electrical components, electrical cabinets, push buttons, patch panels, and any other applications you can imagine. This material can also be used for rating and serial plates using alphanumeric characters that require name plate quality.

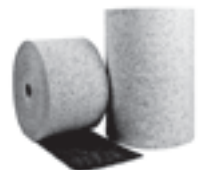

SPC introduces an **eco-friendly** family of high-performance sorbent products
