GTIN(UPC/EAN) : 0 00 54007 34638 8

Additional Information

The main purpose of a conductive floor mat or runner is to remove static charge from personnel as they approach work areas. This could include supervisors and parts delivery personnel, as well as the worker who removes his or her wrist strap and momentarily steps away. Floor mats provide significant passive protection in well-traveled assembly areas. Continuous runners extend static protection
