Product Features:

- Pivot Head swivels 180° for ultimate versatility
- Works at angles other flat wrenches will not handle
- Patented ratchet feature turns bolt with just 5° handle swing vs. 30°
- Closed end works in places deep sockets will not reach
- Open-end jaw surfaces are parallel to within ±.0015"
- 72 tooth ratcheting mechanism receives special heat treat process
- Mirror finish chrome vanadium steel for maximum strength, durability
- Ratcheting closed end uses 12 points of contact, less stress to fastener
