

Rubber Grommets

Series #5111

- ▶ Available with multiple combinations of panel cut out holes and panel thickness.
- ▶ Perfect for electrical insulation and mechanical damping.
- ▶ Protects wires and cables against abrasion damage from sharp panel edges.
- ▶ Durable yet flexible Thermoset NBR Rubber is used for its resistance to oils, fuels and other chemicals.
- ▶ Better cut and tear resistance compared to thermoplastic rubber grommets.
- ▶ Rubber grommets add aesthetic value to your application.
- ▶ Circular shape for ease of handling and installation. No tools necessary.
- ▶ Please note: Not all variations available are listed below. Please [contact customer service](#) to inquire about all available options.
