HAKKO DIPLINER

IC lead
liner

Features

Low-cost, high-performance tool for reforming IC and LSI leads.

- ❖ Speed IC and LSI insertion.
- ❖ No more broken leads during IC and LSI insertion or transportation.
- ❖ Simply insert the IC case into the Dipliner chute, and the leads are protected right through circuit board insertion.
- ❖ Adjustable leads former fits all types, sizes and marks of ICs and LSIs.
- ❖ Simple mechanism for maintenance-free operation.

Packing List

Model No.	Width of IC	Number of IC Leads
FT100	7.5mm	8, 14, 16, 18, 20
FT150	10mm	22
FT200	15mm	24, 28, 40, 42
FT300	19mm	64

❖ Application
