MACRO CUTTER

- Strong 5mm thick flush cutting tool
- Pointed head allows access to more dense areas

Due to the perfect joint between the high-quality ground faces of the two halves, it is possible to lengthen the life and maintain the functionality of the tool by adjusting the screw to eliminate the play accumulated between the two faces over a long period of time.

Part Number: TR-5000-PR

Steel: 5.0 mm

Cut: Flush

Max cut: 16 AWG

Center Screw: Yes

Part Number (with safety clip): **TR-5000-PR-A**

Note: Max cut is determined with copper wire. To order tool with black dissipative handles, add the suffix -D to the part number (ie. TR-5000-PR-D)
