Firewire 6 with IEEE 1394 6-pol receptacles on both ends, black D-housing

Due to the rising digitisation the interface problems between audio/video networks, IT equipment (e.g. Mac) and mLAN connections increase.
Neutrik's Firewire feedthrough type 1394a, mounted in the standardized D-shape housing, solves this problem.

Features & Benefits

- Ideal for audio networking and integration of digital equipment into audio systems
- Firewire feedthrough with 6 pole IEEE 1394 receptacle at both ends
- Universally accepted standard D-shape housing
- Removable screen to chassis grounding:
