Text Search: 'CPPLA72WBL'

Your search criteria matched only one product, shown below

CPPLA72WBLY

- Angled design allows cable to flow to each side of the rack and eliminates the need for horizontal cable managers by enabling patch cords to be routed directly into vertical cable managers
- Allow labeling scheme and port identification to be visible at all times
- Allow front access to installed modules for easy moves, adds and changes
- Accept *Mini-Com*® Modules for UTP (including Category 5e and Category 6), Fiber Optic and Coax, which snap in and out for easy moves, adds and changes
- Mount to standard TIA/EIA 19" rack or 23" racks with optional extender bracket
- Compatible with *PatchRunner*™ Network Cable Management System
