Your search criteria matched only one product, shown below

PCPAKREI

Power addition kits (UL listed for field installation) provide for the addition of power outlets to the *PANDUIT* Power and Communication Pole. They allow for the installation of up to three additional duplex outlets for a total of five. The outlets may be added to the existing factory wired circuit or one additional circuit may be added to the pole for a total of two. Standard Faceplate Bracket (for Data) used to mount NEMA standard single gang screw -on communication faceplates (not for use with Snap -on faceplates)

- Power addition kits (UL listed for field installation) provide for the addition of power outlets
- Allow for the installation of up to three additional duplex outlets (five outlets max.)
- Outlets may be added to the existing factory wired circuit or one additional circuit may be added

All AW (Arctic White) and two and three meter products are only available outside of North America as a standard item. Contact customer service for minimum order quantities, stock and other color availability.
