[Click here to see image](#)

- Strip Ties (HLS) Rolls performed in convenient 6", 12" and 18" strips
- 15' & 75' Rolls (HLM/HLS 15' & 75')- Can be cut to desired length, eliminating waste
- Adjustable, releasable, and reusable hundreds of times for applications requiring frequent moves, adds, or changes
- Hook and loop material maintains network data integrity protecting against over-tensioning of high performance copper and fiber cables
- Easy to use and operator safe with no sharp edges
- Complementary mounts available

| Part Number:                      | HLS3SX2                                                        |
| RoHS Compliancy Status:           | Compliant                                                      |
| Part Description:                 | Hook & Loop Cable Tie, Strips, 12.0", Standard (12.0" x .750") |
| Product Type:                     | Cable Ties                                                     |
| Material:                         | Nylon Loop, Polyethylene Hook                                  |
| Color:                            | Red                                                            |
| CSA Certified:                    | No                                                             |
| UL Listed (File #E56854):         | No                                                             |
| UL Recognized (File #E56854)      | No                                                             |
| Length (In.):                     | 12.0                                                           |
| Length (mm):                      | 305                                                            |
| Width (In.):                      | .750                                                           |
| Width (mm):                       | 19.1                                                           |
| CE Compliant:                     | Yes                                                            |
| Cross Section:                    | Standard                                                       |
| Locking Style:                    | Hook & Loop                                                    |
| Max. Bundle Diameter (In.):       | 3.20                                                           |
| Max. Bundle Diameter (mm):        | 81                                                             |
| Min. Loop Tensile Strength (Lbs): | 50                                                             |
| Min. Loop Tensile Strength (N)    | 222                                                            |
| Temperature Range:                | 0°F to 220°F                                                   |
| Thickness (In.):                  | .10                                                            |
| Thickness (mm):                   | 2.5                                                            |
| Min. Order UOM:                   | PC                                                             |
| Min. Order Qty.:                  | 10                                                             |
