The CC DIA 30 MC is used for labelling hydraulic hoses, lights and indicators. Variants with 4.2 mm holes for M4 screws or cable ties can be used for mounting. The variant with 3.5 mm holes is for 3.2 mm blind rivets. According to DIN V VDE V 0108 Part 100 from 01.2010, safety illumination and connection / branch-off point lights which are part of a safety illumination system must be easily and reliably identifiable and marked in red or green. The distributor, electric circuit and lamp ID numbers must be attached next to the lamps.

For custom printing: Please send us a file of our labeling software M-Print PRO or M-Print PRO Online (without installation) for your labeling specifications.

General ordering data

Type	CC DIA 30/4.2 MC NE WS
Order No.	1248520000
Version	ClipCard, Device markers, 30 x 30 mm, With hole, white
GTIN (EAN)	4050118038903
Qty.	60 pc(s).
compatible printer	1324380000 2438520000 2438510000
