Weidmüller can supply suitable bus lines for customising. All bus cables are suitable for moving cable carriers and are available by the metre. The colour coding of the lines corresponds to the standard in mechanical engineering. The connection hoods of the M12 distributor always have the same number of terminals so that only one type of cable is necessary.

Advantages of bus cables supplied by the metre:

- Special lengths for bus cables
- No cable waste
- No storage space required for different cable lengths
- Also available in specific lengths.

General ordering data

Order No.	1902100000
Type	SAIH-SLL-5x0,25mm ² (PUR)
Version	, Connecting line, shielded: No, PUR/ PVC
GTIN (EAN)	4032248515844
Qty.	100 m
